GUÍA EVIDENCIA DUA

SUBJECT	ENGLISH	TEACHER: JOSÉ M SUAREZ S	
GUIDE #	4	LEVEL 7th	PERIOD: 3
DBA	DESCRIBE ACCIONES RELACIONADAS CON UN TEMA DE SU ENTORNO FAMILIAR O ESCOLAR		
RESOURCES	PLATAFORMA WEB COLEGIOS, LISTA DE VERBOS, TELÉFONOS CELULARES		

GUÍA 4 TERCER PERIODO

PRESABERES: DE TODOS NOSOTROS ES SABIDO QUE CONSERVAR EL AGUA ES FUNDAMENTAL PARA TODOS LOS SERES VIVOS DE ESTE PLANETA.

DESARROLLO DE LA ACTIVIDAD: LEE CON ATENCIÓN EL TEXTO, SI TIENES DUDAS USA LA LISTA DE VERBOS O APÓYATE EN UN DICCIONARIO, NO USES EL TRADUCTOR DE GOOGLE

Water Is Life

Tips to Save Water

- a. Collect rainwater to water the plants in your garden.
 - b. Only flush the toilet when you need to. And don't throw tissues, etc. in the toilet. Put them in the bin!
 - c. Only wash your clothes once a week.
 - d. Turn off the water when you wash your hands or face and when you brush your teeth.
 - e. Have a quick shower not a bath – five to ten minutes is enough.
1. All life on Earth needs water to survive.
 2. People use water for a variety of purposes .
 3. Less water is used for cooking and drinking than for showering and washing clothes.
 4. One third of people have access to freshwater.

All living things, humans, plants and animals, need water to survive. People need water for drinking, to produce food, clothing, energy and technology, and we also need water to stay clean and healthy. We use a lot of water, but unfortunately a lot of people haven't learned how to save water and use it efficiently. Did you know that we use more water for showering and washing our clothes than we do for cooking and drinking? Have you forgotten that a third of the world's population doesn't have access to freshwater? We must all learn how to use, share and conserve water.
